The Sweetness of Low Price Never Equals
the Bitterness of Low Quality

When better grades are grown
S. S. S. will sell them

BUY NOW

You can't sell what you haven't got.

Other lines of business are definitely beginning to come back.

Bulb importations last Fall were at the lowest ebb since the War.

Generally, greenhouse production is far below normal and quality very scarce.

Inferior flowers are sold only after the better grades are gone.

Buck up!—Get on your toes!—Work a little harder, chase the bugs, feed the plants and grow better products from

GET OUT AND SELL!

For thirty-six years, S. S. S. & Co. have kept old customers happy and coming back for more. Let us prove that we can make you a booster for us.

Early import orders give us a chance to buy better for you.

Placing your orders (and confidence) early with us, invariably shows on the Fall invoice to your advantage.

To protect you, we guarantee against any market decline to time of delivery.

Place orders early in fairness to yourself.

Thank you,

S. S. SKIDELSKY & CO.

OUR TERMS

All bills are subject to 2 per cent discount within ten days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceases thereafter. If the stock reaches you in bad condition, notify agent and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause can or will be made by us.

We endeavor to send out only the best quality of **Bulbs, Plants, Seeds and Cuttings**, but under no circumstances do we guarantee results of crops. If goods are not acceptable under these conditions, they must be returned to us at once.

Bulbs, whether shipped on arrival or placed in cold storage for later delivery, may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than **Bulbs**, claims must be made within five days after receipt or they cannot be recognized.

LILY-OF-THE-VALLEY

On January 23rd you shipped us twenty-five hundred Valley Pips from the new crop. We take pleasure in advising that this is the best Valley we have ever forced. The first batch we have just finished cutting averaged 98 per cent perfect flowers.

DOYLE FLORISTS, Lynchburg, Va.

The Valley was fine this year, haven't a word of complaint.

POOLE & PURILLANT, Winchester, Ky.

Our Valley this year are the best looking pips ever imported. Reduced outlet means closer selection of the select stock we have always had.

Let us quote you on your requirements for the year. We'll be glad to have you examine it in cold storage here.

NEW VARIETIES AND RECENT INTRODUCTIONS

Scarlet Monarch (Littlefield-Wyman) — Bernice X. Spectrum 1926. Fiery scarlet. A splendid grower in the field and under glass, every shoot making a flower. Produces abundantly at Christmas and through the season, fine flowers on strong stems that do not split. Keeps excellently, ships well and propagates easily.

Satellite (Baur, Steinkamp & Co.)—Radiolite X Spectrum. A rich bright scarlet, freely producing during the Winter. A good sized flower that rarely splits and keeps well, borne on a long and strong stem.

Lenora (Baur, Steinkamp & Co.)—Variegated, white with pink penciling. Freely produces blooms of a quality, matching other leading varieties. It keeps well and does not become sleepy in warm weather.

\$15.00 per 100—\$125.00 per 1000.

Patrician (Baur, Steinkamp & Co.)—The best white up to now. Has the size, substance and productiveness to please the most critical.

Vivian (R. Witterstaetter)—Dark Ward color. A clean and healthy grower that propagates readily. Holds its large size throughout the season without bleaching.

Lucky Strike (Dorner & Sons Co.)—Clear yellow with stiff stem and perfect calyx. Produces more freely than any other yellow and propagates easily.

Romance (Dauber)—Salmon rose. A prolific producer of well-formed blooms, that are practically devoid of splits, borne on straight stiff stems. Keeps well and propagates easily.

My Love (Wm. Sim)—Beautiful shade of medium pink. Large flower and very free bloomer. (Patented.)

\$12.00 per 100—\$100.00 per 1000.

White Betty Lou (Strout)—It is large, pure white, free, has a good stem and gives about 98 per cent perfect blooms throughout the season. It “does not choose” to split. It has good keeping and shipping qualities and is easily propagated.

\$10.00 per 100—\$90.00 per 1000.

Chrysanthemums

The sweetness of low price never equals the bitterness of low quality.

The Depression has been the best advertisement better varieties ever had. Poor varieties are just not sold.

If you want strong, clean and healthy stock, well rooted, of even size that you can plant all at one time, send us your order. Worth-while discounts for quantity orders placed early.

Here is a condensed representative list—the best in each class. Varieties that have proven or promise to be successful. However, if you want our complete Mum list, it is yours for the asking.

SPIRAES (Astilbe)

Gloria, Rubens (deep rose), **Peach Blossom, America, Queen Alexandra, Deutschland** (white), and **Gladstone.**

PAPERWHITES

The "maybe" has been eliminated from our domestic bulbs. Results are proving them to be equal to the old-fashioned improved kind and now the bulbs cost as little as they used to. Have some Paperwhites in bloom when other flowers are shy.

Thank you for the very prompt service and the finest looking bulbs we have ever handled. They sold fast in our New Flower Shop. Have only a few left.

C. K. PETERSON, Ballston Spa, New York.

DAFFODILS

I have meant each time, when I have written you, to tell you how fine the Sir Watkin Daffodils are this year. We haven't lost one bulb. Quite a number have come with two or more flowers. They are really the best Daffodils we have ever had. The stems are all twenty inches and some of the flowers are a little over four inches across. These are actual measurements. I have just picked a bunch and measured them.

KATHERINE L. RALPH,
John Ralph's Greenhouses,
Saratoga Springs, N. Y.

We expect to have the best Northwestern Grown stock in varieties that have proven to be good producers. Among the best sellers in this class are:

King Alfred, Sir Watkin, Emperor, Empress, Golden Spur, Poeticus Ornatus, etc.

Now booking orders subject to price when established.

We are only selling top size bulbs in varieties that past performances have proven most satisfactory.

IRIS (Domestic)

Imperator, Wedgwood, etc.

Speaking of "DUTCH BULBS"

You buy Lilies, Valley and other imported bulbs from American firms, why not Tulips, Hyacinths and other Dutch bulbs?

Our importations increase each year only because we deliver the right kind of stock at the right price.

When we sell you F.O.B. NEW YORK, it means just that, including EVERYTHING, except transportation from New York to your place. You PAY NOTHING IN ADVANCE. You won't find cases, packing, ocean freight, duty, entry fees, foreign charges, and numerous other unexplainable extras on your bill, so common to direct (?) buying.

This past season THESE CHARGES AMOUNTED TO OVER FORTY PER CENT of your bill, PAYABLE in most instances, BEFORE bulbs were delivered.

Buying in the large quantities that we do, we naturally are able to insist upon and get stock of the best quality obtainable.

Our reputation of thirty-six years of square dealing, stands back of our sale of these bulbs as it does of every other item we sell.

Send us a list of your requirements or give it to our salesman, and we will quote you at the earliest possible moment, guaranteeing price against an advance, and giving you any benefit of a decline in the market, up to time of delivery.

SUNDRIES

STOP THAT THIEF!

Insects (the other fellows) are the best flower salesmen you have, but don't let them steal your profits. Spend that ounce of prevention NOW. Crippled, imperfect or dirty flowers seldom bring top price.

Get busy NOW and don't forget,—“the effectiveness of any good Insecticide depends largely on the man behind the gun.”

Samples of the Success of S. S. S. in giving Service and Satisfaction

I have had a standing order for all my lily bulbs with you since 1914, and I have never received other than first-class bulbs. It has been a pleasure to grow Lilies from such excellent quality stock. The ones I received this year I consider to be as good, if not better, than ever before. I can recommend with the greatest confidence that your bulbs will make hard, thrifty plants of excellent size and quality of flowers.

GEO. H. SINCLAIR, Holyoke, Mass.

* * *

The case of Erabu we bought from you last year produced the best Lilies we have ever seen. One plant bore forty-two flowers, the largest we have ever heard of, and over half the case averaged more than ten flowers. We did not lose one bulb in the case. Lest you forget, these were only 7-9s.

ROWDEN & MITCHELL, Wallingford, Conn.

* * *

I might add that the Harrisi bulbs are as fine as any I have ever grown. Thanking you for service,
ROBERT M. ROGERS, Wilmington, Del.

* * *

Our Harrisi Lilies during February and March turned out fine. Averaged five to ten blooms per bulb.
